GUARANTEED TOUGH.®

INDEX

GUARANTEED TOUGH.

Dewalt hand trucks are built from the ground up to support the heaviest of loads. Designed to raise the bar on toughness and durability. With a load bearing capacity of up to 2200 lbs you can be sure these trucks can bear more than you can lift.

When you're moving a heavy stack of panels or bags of cement, you want to have confidence in the equipment you use. Dewalt trucks allow you to move heavy items securely and easily.

Dewalt trucks are Guaranteed Tough.

STEEL CORE FLAT FREE PU WHEEL

The innovative Steel Core wheel has a solid PU tire cast around a hollow steel core. It runs on full width needle bearings in a steel cage. This construction offers a tremendous loading capacity of 250kg (550 lbs) per wheel. The solid PU tire cannot spring a leak. It can never run off the hub. It's the wheels that make or break the truck under heavy load bearing. Dewalt Steel Core wheels are Guaranteed Tough.

DXWT-101-KIT EXTENDED BACK STEEL HANDTRUCK WITH KIT

Runs on
**STEEL CORE
FLAT FREE
PU WHEEL**

Large extended Backrest for safe and easy manouvring of large loads. Ideal for moving appliances or large boxes. The extended back allows you to securely strap oversized goods to the truck. The foldable platform greatly increases the loading area.

Designed to raise the bar on toughness and durability. Oversized tubing with matte epoxy based powder coat ensures a good grip, wherever you need to grab hold of the frame.

A no-frills all-steel truck that can take a beating. Runs on unique flat free DEWALT Steel Core 12" Wheels.

KIT Includes:
- 4pc Load Protector Set
- Extendable Platform
